Professional Summary

Frontend-focused Web Developer with 1+ year of experience building responsive, standards-compliant web interfaces using **HTML5** and **CSS3**. Proven ability to structure web content with semantic markup across multiple client projects. Adaptable, quick learner, and effective individual contributor within cross-functional teams. Eager to support digital marketing operations and email campaign development at Accenture.

Technical Skills

Core: HTML5, CSS3, Responsive Web Design, Semantic Markup, Web Page Structure
Frontend: React.js, JavaScript (ES6+), Tailwind CSS, UI Component Development
Backend & DB: Node.js, MongoDB, MySQL, PostgreSQL **Automation:** n8n, LinkedIn API, Google Gemini AI
Tools: GitHub, Docker, MS Office Suite, MS Outlook **Other:** MERN Stack, Cybersecurity Fundamentals

Experience

- Junior Full Stack Developer – Full-time**
Tanasvi Technologies

Jan 2026 – Present
Visakhapatnam, India

 - Developed standards-compliant web interfaces using **HTML5** and **CSS3** for client platforms across logistics, education, and business domains.
 - Built reusable UI components with React.js and Tailwind CSS, ensuring interface consistency and cross-device responsiveness on all projects.
 - Debugged cross-browser issues and optimized frontend performance; collaborated with designers and senior developers to deliver features on schedule.
- Junior Full Stack Developer – Intern**
Tanasvi Technologies

Jul 2025 – Dec 2025
Visakhapatnam, India

 - Developed responsive web UIs using **HTML5**, **CSS3**, React.js, and Tailwind CSS for real-world client projects; supported API integration and debugging tasks.
 - Contributed to workflow automation pipelines using n8n and collaborated within team workflows following established coding guidelines.

Projects

- JoyKids Playground – Preschool Programs Website**

React.js, HTML5, CSS3, Tailwind CSS

 - Built a fully responsive educational website using semantic **HTML5** markup (headings, paragraphs, lists, embedded images) and **CSS3**, optimized across desktop, tablet, and mobile.
- ShipGen – Logistics & Shipment Management Platform**

React.js, HTML5, CSS3, Tailwind CSS

 - Contributed to frontend development of a logistics platform; built reusable UI components and responsive **HTML/CSS** layouts improving cross-device usability within a team environment.
- Techliv – Business Website**

React.js, HTML5, CSS3, Tailwind CSS

 - Developed scalable and responsive business website interfaces using **HTML5** and **CSS3**; implemented reusable component architecture improving mobile responsiveness and UX.
- VFNCC – Vizag Film Nagar Cultural Centre Website**

React.js, HTML5, CSS3, Tailwind CSS

 - Developed responsive **HTML/CSS** frontend interfaces for a premium cultural club platform; improved frontend performance and maintained scalable UI architecture.
- LinkedIn Post Automation Workflow – AI-Powered Pipeline**

n8n, LinkedIn API, Gemini AI, JavaScript

 - Built an end-to-end automation pipeline integrating LinkedIn API and Gemini AI for automated digital content publishing, demonstrating adaptability to new tools and quick learning.

Education

Kakinada Institute of Technological Sciences
B.Tech – Information Technology

2021 – 2025
CGPA: 7.6

Certifications & Achievements

- **Introduction to Cyber Security** – Cisco | **Outstanding Performance** – Workshop Certificate | **Upcoming Intern** – Zithara.ai
